WORK EXPERIENCE

ShopTrade®

Dec 2019 – Jul 2024

Senior Front-End Engineer

- Developed and maintained 10+ Shopify eCommerce stores by converting Figma designs into fully responsive websites using HTML5, CSS3, JavaScript, and ReactJS, reducing design-to-deployment.
- Customised Shopify themes and Liquid templates for 8+ clients, achieving an average 25% improvement in user engagement and session duration post-launch.
- Implemented and configured 4+ Shopify apps and webhooks to automate order and inventory workflows.
- Integrated Shopify Storefront API and 3+ external systems to support headless commerce requirements, improving page load speed.
- Led a front-end team of 3 developers — conducted code reviews, mentored juniors, and handled client communication.
- Recognised with Best Manager award (2023) for delivering 100% of assigned projects on time and maintaining a client satisfaction rate.
- Delivered 6 high-complexity Figma-to-Shopify transitions within tight deadlines, directly contributing to an increase in client repeat-business.

PROVAB TECHNOSOFT

Apr 2016 – Dec 2019

Front-End Engineer

- Built and maintained 4+ responsive travel-portal web applications including corporate dashboards and mobile web views (Android & iOS), serving 50,000+ monthly active users.
- Integrated third-party APIs for flights, hotels, and payments using HTML5, CSS3, and JavaScript, enabling real-time data for 100+ destination routes.
- Contributed to UI/UX enhancements and performance optimisation initiatives, reducing average page load times by 35% across key application pages.
- Developed 20+ reusable, scalable front-end components aligned with W3C standards, cutting new-feature development time by approximately 25%.

Indglobal Consulting Solutions

Mar 2015 – Apr 2016

UI Developer

- Consulted with 5+ clients to gather project and business requirements; selected appropriate front-end technologies (HTML5, CSS3, JavaScript) and defined scalable project architecture.

- Designed and developed 3+ web applications tested across all major devices and browsers; coordinated a 2-person team, managed deployments, and maintained 99% uptime post-launch.
